02 TELL US WHAT YOU WANT TO ACHIEVE

Organisation / brand & contact name

Email / phone

Event / location / preferred dates

Opportunity / product or service category

Audience suitability, objective & desired outcome

Indicative budget / in-kind offer & requirements

03 DEFINE THE AGREEMENT BEFORE ACTIVATION

Agree deliverables, approvals, brand / intellectual-property use, production scope, channels, dates and a named lead on each side. Confirm any category conflicts or exclusivity in writing; approval of one opportunity grants no automatic rights to another event, venue or channel.

School and youth settings require venue approval and age-appropriate activity. No alcohol or tobacco promotion at school events. Product sampling, filming and data capture need the relevant permissions; no student contact lists are included. Label sponsored content and protect editorial independence.

04 MEASURE DELIVERY AND THE OUTCOME

Set objectives, a baseline where available, agreed metrics, evidence sources and a reporting date before launch. Separate outputs from outcomes; identify limits, sample methods and consent requirements. Use actual results and avoid advertising-value-equivalent claims.

OUTPUTS

Approved placements, delivered activities, content links and available reach data.

OUTCOMES

Opt-in enquiries, relevant feedback or agreed research, where feasible.

ACCOUNTABILITY

Agreed deliverables vs actual delivery; evidence, limitations and next steps.
